

FAASTeam presents:

Flying With Your Kids

It's fun and rewarding to share your favorite hobby with the people you love. The more you involve them, the more they want to go flying with you, and the more fun you get to enjoy. We all love it when someone asks, "When are you going to take me flying?" Flying with your kids can lead to big rewards, such as family vacations by GA airplane, special bonding time they'll always remember, and may even fuel the passion of a future pilot. When you fly with your kids there are many things to consider beyond the standard preflight safety briefing, such as:

- What is the right age to start
- Car seats in planes
- How to deal with air sickness
- Alleviating spousal concern
- Emergency preparedness
- Preflight ramp safety
- Headsets vs. ear protection
- Impact on your own IMSAFE checklist

This interactive seminar will be presented by a panel of pilots who fly with their children of various ages. They will share their experiences, lessons learned, and tips for success. Audience participation is highly encouraged. San Carlos Flight Center was voted Best Flight School in the US in the 2013 AOPA Flight Training Excellence Awards. We are committed to promoting safety in general aviation through our evening safety seminar programs. For more information about this and any of our weekly seminars, please

Event Details

Wed, Aug 12, 2015 - 19:00 PDT

San Carlos Flight Center

655 Skyway Road

Suite 215

San Carlos, CA 94070
